

HUNS SINK SHIP CARRYING U. S. TROOPS

BRITISH CRUISER MOLDAVIA IS TOPEDOE D---FIFTY-SIX AMERICAN SOLDIERS MISSING

Attacking Submarine is Not Sighted Before Torpedo Strikes--Sailors Soldiers Show No Panic

LONDON, May 24.—The British armed merchant troop ship Moldavia, with American troops on board, has been torpedoed and sunk, according to an official bulletin issued by the admiralty this evening.

London, May 24.—Fifty-six American troops on the British steamship Moldavia have been unaccounted for says an official statement issued this evening by British admiralty.

The text of the admiralty statement follows: "The armed merchant cruiser Moldavia was torpedoed and sunk yesterday morning.

There were no casualties among the crew but of the American troops on board fifty-six up to the present have not been accounted for. It is feared they were killed in one compartment by the explosion."

The Moldavia was torpedoed without warning. It was a moonlight night and altho a good lookout was kept the attacking submarine was not sighted before the torpedo struck.

Most of the men aboard were in their hammocks when the explosion occurred amidship. The sailors and soldiers alike showed no panic.

They fell calmly into line and awaited orders. When it was seen that the Moldavia was settling down, all on board were taken off by the escorting ships.

The men lost all of their belongings, but were supplied with new clothing at the different naval ports where they were taken.

It is believed that the American soldiers missing from the Moldavia were sleeping on the bottom deck and were overtaken by the great inrush of water after the explosion when they were trying to reach the main deck. It also is presumed that some of the ladders were destroyed. The vessel was struck below the bridge. She steamed ahead for some time after being struck and at first it was hoped that her watertight compartments would enable her to reach port.

Survivors agree that the Moldavia was torpedoed and not mined. One seaman said:

"We were proceeding up the channel bound for an English port early Thursday morning. The weather was fine and there was a bright moonlight. We felt an explosion amidship, the ship had been struck just below the bridge but we could see no submarine.

"There was some destroyers conveying us and they at once scattered around in search of the submarine. Only one torpedo was fired.

"When it was realized that we would have to abandon the vessel the destroyers came alongside to take off the troops."

Moving Between England and France Washington, May 24.—Sinking of the British armed merchant cruiser Moldavia, with a probable loss of fifty-six American soldiers was announced in a cablegram to-night from the British admiralty to the war department. No details were given, but the understanding here is that the ship was moving between England and France.

The war department authorized this statement: "Information has been received from London that the British armed merchant cruiser Moldavia has been sunk and that fifty-six of the American soldiers aboard are missing.

"The announcement was made by the British admiralty."

At a late hour the department had no further information to indicate what American units were on board the vessel. Many men are in training in England and it is possible that the Moldavia was carrying a contingent bound for the front.

Cork Steamer is Torpedoed Queenstown, May 24.—The Cork steamer Inniscarra, bound from Fishguard to Cork has been torpedoed and sunk. Thirty-seven members of the crew are missing and are supposed to have been lost.

Five survivors of the disaster have been landed. They are the captain, the chief officer, one steward and two sailors.

The Inniscarra was struck amidship. She listed immediately and foundered in four minutes.

Inniscarra Sank in Four Minutes

Cork, Tuesday, May 21.—Delayed by Censor—The Cork Steam Packet company's steamer Inniscarra was torpedoed in the middle of the night while in way from Fishguard to Cork and sank in four minutes. Captain Keeley and four others out of 42 on board were saved.

The Inniscarra had covered the same route since the beginning of the war twice weekly almost without interruption and never before had been attacked.

The Inniscarra was a vessel of 1,412 tons. She was built in 1903 and belonged to the City of Cork Steam Packet company.

AMERICANS LOST ON STEAMER ROCKEFELLER Washington, May 24.—Ensign W. W. Lovell, of Brooklyn, N. Y., of the navy, Fireman Bernard F. Stetevator of Everett, Wis., and Water Tender Charles R. Moore of Somerset, Pa., were lost in the sinking of the American steamer William Rockefeller recently torpedoed in the war zone.

Ensign Lovell, enlisted as a machinist, was promoted April 22

to the provisional grade of ensign for engineering duties. All three of the men were naval reserves. Lovell leaves a wife who lives at 749 Union street, Brooklyn.

TO RAISE AGE LIMIT FOR ARMY TO 55 YEARS

STRAUSE DEFENSE MAY REST TODAY

But Two or Three Minor Witnesses Remain to Be Called in Famous Peoria Murder Trial.

Peoria, Ill., May 24.—The defense in the trial of Edgar A. Strause, charged with murdering Berne M. Mead, expects to rest before noon tomorrow. But two or three minor witnesses remained to be called, and it is thought cross-examination of them will be brief.

W. B. Northcott, LaGrange, Ill., testified as a revolver expert for the defense this afternoon when he declared he held the championship for revolver shooting in the state of Illinois for the past five years. He was called to impeach testimony of Coroner W. B. Elliott who testified for the state that the bullet found in the wall back of Mead's desk was from Mead's own gun. Northcott swore that the penetration of a bullet from the nickel plated gun found beside Mead's body was not great enough to have embedded the bullet in the wall the distance that bullet was found.

Northcott was not permitted to tell the results of many of his experiences which he conducted at the request of the defendant's counsel, and on cross examination admitted that the gun he used in making the experiments he did testify about was not a gun identical with the one in question.

GRACE LUSK REMEMBERS NOTHING ABOUT KILLING

Defendant on Trial for Shooting Mrs. Roberts at Waukesha Cross Examined.

Waukesha, Wis., May 24.—Grace Lusk, after testifying that she could remember nothing regarding killing Mrs. Mary Newman Roberts for which she is now on trial was forced to admit on cross-examination today she had sought to keep her relations with Dr. David Roberts secret more than two years.

During this period she admitted that she had warned the doctor to be careful in talking with her on the telephone, that she had sent him letters in care of his secretary, that she had urged him to register under a fictitious name with her at a Chicago hotel and that they had an agreement their letters should be unsigned and destroyed as soon as read. Miss Lusk also admitted she had been untruthful in several statements made in unmailed letters to Mrs. Roberts regarding her intimacy with Dr. Roberts.

Altho she could remember nothing regarding the actual shooting of Mrs. Roberts and declared she "never, never, never" intended to do it, she admitted she had a clear recollection of events immediately before and after the tragedy. She declared Mrs. Roberts had threatened to have her driven out of town and likened her to a woman of the streets.

On cross-examination by Walter D. Corigan of Milwaukee, a letter addressed to Mrs. Roberts which had never been mailed was read after Miss Lusk had admitted to writing it. This was one letter introduced earlier in the trial by the state over the protest of the defense that their client could not be forced to give evidence which might tend to incriminate herself.

Mr. Corigan read a portion of an unmailed letter addressed to Mrs. Roberts found in Miss Lusk's desk after the tragedy as follows:

"In order to keep your reputation as a good woman, moral women make the other persons do the sinning so that you can continue to live your parasitic lives."

"What did you mean by the word parasitic?" he asked.

"Women who live lives of ease and do nothing for society," she replied.

Another part of the letter was then read which declared that Miss Lusk had not taken Dr. Roberts' pursuit seriously until she was slighted by Mrs. Roberts at a church affair and "vowed to get even."

In answer to questions she said she had not meant this and had done nothing to "get even."

She also admitted several statements made in the letter regarding her intimacies with Dr. Roberts were not true. "In the eternal triangle," the letter read, "the only solution is elimination of one of the members. The two remaining being those whose affection is mutual."

"Did you mean the elimination of Mrs. Roberts?" she was asked.

"No, I meant at that time to kill myself," she replied.

Miss Lusk will continue under cross-examination tomorrow.

Chicago, May 24.—Rain caused postponement of the semi-finals in the Western Conference Tennis championships at the University of Chicago courts today. These events, together with the finals, will be decided tomorrow afternoon.

ALL OVER 40 SO ENLISTED WOULD BE ASSIGNED TO NON-COMBATANT SERVICE

WASHINGTON, May 24.—Another move toward full utilization of the country's man power was made today when Secretary Baker sent to congress the draft of a bill proposing to raise the maximum age limit for voluntary enlistment in the army from 40 to 55. All men over 40 so enlisted would be assigned to non-combatant service. In a letter to Speaker Clark that the bill be pushed, Secretary Baker said:

"Every man above the age of 40 years who is enlisted in non-combatant branches of the service will make available for duty with the line troops a man within the prescribed age limit for all troops.

"Many men whose long experience as mechanics and artisans will make them particularly valuable to the various staff corps and departments may be thus secured instead of younger men without such experience and the efficiency of the staff corps and the departments thus will be increased.

"There probably are 7,500,000

WAR SUMMARY

News of Activities on Various Battle Fronts in Summarized Form By Associated Press.

The British mercantile cruiser Moldavia, carrying American troops from America to Europe has been torpedoed and fifty-six American soldiers are reported missing. The liner was sunk Thursday morning according to an official statement by the British admiralty.

The Moldavia is the third transport carrying American troops to be torpedoed and the fifteenth troop ship sunk by the Germans. Of the vessels carrying Americans the Antilles was the first to meet with destruction by a U-boat. She was sunk October 17 last when returning to this country from Europe and seventy lives were lost. The second was the Tuscania which was sent to the bottom, Feb. 15 with a loss of life totalling 101.

The only other serious attack made on American transports occurred last June when vessels carrying some of the expeditionary units, under a convoy commanded by Rear-Admiral Gleave narrowly escaped disaster in mid-Atlantic.

That German submarines are operating south of Ireland is evidenced by sinking of the Steamer Inniscarra, of Cork, with loss of life.

David Lloyd George speaking at Edinburgh, has said the submarine is still unacquainted but is no longer a vital menace to the entente allies. He said U-boats are being destroyed faster than they can be built by Germany while the allies are building ships faster than the submarines are sinking them.

In the battle zones in France, there have been numerous local

men between the ages of 40 and 55, and many thousands of them already attested their desire to serve by bombarding the department with applications. While the great majority of the men in this class undoubtedly will be restrained from enlisting by family and business ties the number at liberty to join the colors is expected to be more than sufficient to meet the purpose in view.

"Staff corps positions include many duties behind the front. Every headquarters unit includes a number of positions for which the older men would be just as well suited as the present occupants, who under the plan would be used for line duty.

Official estimates are that a modern army to be maintained as an efficient unit must have between 40 and 45 per cent of its actual strength on duty between the fighting zone. This means that of the first 1,000,000 men sent to France 400,000 serve along the line of communication, in hospitals or at the various headquarters and debarkation bases.

GERMAN PEOPLE ARE RESPONSIBLE

State Council of Defense Representative Asserts People Must Share Blame with Autocracy—One Reason Why Teaching of German Should Be Discontinued.

Champaign, Ill., May 24.—B. F. Harris, of the state council of defense insisted in a speech here to-night that there is no more insidious propaganda than that which seeks to relieve the German people of responsibility for acts of the German nation. Addressing the Illinois Press association which met here in annual convention, Mr. Harris said:

"A vicious and persistent form of German propaganda is the story that whatever is intolerable in Germany comes from the autocratic system of the kaiser and therefore we do a great wrong if we would not accept peace terms based on a change in the German government; that there should be forgiveness for whatever wrongs have been committed.

"Anyone who dissociates Germany from the German people, or, rather, ascribes Germany's aggressions to the autocracy and not to the German people as a whole is blind to the facts. No people would have supported the German monarch unless they were heart and soul in sympathy with him and his purposes. The German plans have been too long in forming not to be national in character. No people not in accord with them would have supported them so long."

Mr. Harris gave what he called the German peace terms in a nutshell as follows:

"Indemnities, annexations, Prussian domination, Germany wins; forgiveness and universal good will, Germany fails."

The speaker urged the abolition of the use of German in all forms, asserting that the German, true to plans long laid in Germany, alone remains aloof from the American melting pot. Any number of German publicists he said had undertaken to prophecy that Germany would be the language of the United States in forty or sixty years.

Newspapers of today, Mr. Harris said, are menaced in the number of directions, by drastic postal rates; the marked tendency of publications to consolidate because of high costs; the new espionage act.

Reports told how a wave of indignation sweeping the nation with news of the latest hospital bombing exploits of the Germans in France had played a great part in making the day the most successful of the campaign and officials could even more confidently now upon an immense oversubscription to the fund.

Greater New York with \$23,392,723 pledged, came close to its quota of \$25,000,000. Western cities reported totals far in excess of their quotas and in the northwest St. Paul had reached \$660,000 against a quota of \$440,000. Spokane gave \$200,000 its quota being \$90,000; Portland, Ore., exceeded its \$250,000 mark and Tacoma, with a quota of \$110,000 had raised \$125,000. Kansas City had \$881,000 on a quota of \$800,000.

The Rockefeller foundation was the largest individual giver of the day with a check for \$3,000,000.

Conservative estimates from precincts not yet reported will bring the figures up to \$62,000.

Well over the top was the way school would go well over the top in the drive for \$1,000. Mr. Callahan, for his committee, announced an auction sale which will be held at the south west corner of the square this afternoon at 4 o'clock. He also mentioned of the reading to be given this afternoon at academy hall by Mrs. P. C. Thompson, as a Red Cross benefit.

When ward reports were called for, J. W. Merrigan mentioned a contribution of \$56 from Louis Frank at Greenfield, Texas, \$25 by the Trades & La'or assembly and \$50 from camp 912, M. W. A. Charles B. Graft of the second ward made mention of a subscription of \$65 by Charles J. Silva, West State street restaurant man. An unsolicited subscription from Mr. Davis of the Luly-Davis Drug Co. for \$25 was also mentioned. For the third ward Norman Kuykendall gave the report and referred to several wealthy persons in the ward who had given very small sums and would be given an-her opportunity.

For the Fourth ward Rev. W. E. Spoons said he expected to be able to finally give a total of \$15,000. Prof. Whisler stated that Illinois college will go over the self-imposed quota of \$1,000 and he mentioned that the college is proud of the fact that it has given 160 men to various branches of the army service. Rev. Mr. Spoons showed a small hand bag in which he said Jacksonville State Hospital workers had collected \$723 and expected to secure more.

Marcus Huielett in reporting for Jacksonville district 12 gave a total of \$750.50. He expressed the belief that in these days people should attend to only two things—their own business and the prosecution of the war, and his sentiment was loudly applauded. He told of hiring some one to take his place on the farm while he had done soliciting work for the Red Cross, and that he was sorry to report that some farmers claimed to have hardly time to stop and fill out their checks. And in a number of instances the checks were not what they ought to be. The audience agreed that Mr. Huielett had shown unusual zeal in his work.

Chairman Crabtree read a news dispatch, telling of the new search for Red Cross supplies. He then introduced Frank J. Waddell, president of the Rotary club, to preside. Mr. Waddell expressed his thanks for the honor and then called upon M. F. Dunlap, county chairman. Mr. Dunlap merely told a very appropriate story which he indicated was "tuff said," and gave way to Sergt. Wayman.

## NOTICE!

One per cent of all of our collections from our entire system for the month of May on all accounts made prior to May 1st, will be contributed to the RED CROSS. This contribution to go in the local Red Cross chapter where the collection is made. This is an opportune time to help the Red Cross, whose needs are more pressing than ever before on account of the number of soldiers that we are sending over the seas.

## PHI ALPHA IN LAST MEETING

Phi Alpha Literary Society held the last regular meeting of the year in their rooms at Beecher Hall last night. The following program was given.

Essays — Stephenson, "The Champ's Last Bout"; Drennan, "The Venereal Diseases."

Decliners — Gard, "The National Flag"; Miller, "Lochnivar."

Orator — Thompson, "International Patriotism."

Select reader — B. Underwood, "A Toast to the Flag."

Extemporizer — R. T. Herford, "How it Feels to be a Graduate."

The subject for debate was — Resolved that the quartermaster's and ordnance departments of the U. S. army should be in charge of men with business and industrial training instead of men of the U. S. army. Thomason and Emil Wells upheld the affirmative; Mendenhall and Gott the negative. Decision of the judges, two to one in favor of the negative. Merits of the question were voted to the affirmative.

## NOTICE!

**THAT OUR EMPLOYEES MAY BID A CHEERFUL FAREWELL TO THE HOME BOYS WHO WILL LEAVE THE CITY, OUR STORE WILL NOT BE OPEN FOR BUSINESS UNTIL 9 A. M. J. HERMAN.**

## TWILIGHT LEAGUE

## GAME EAST ONE

The game between the North Side Merchants and Capps factory teams on the State Hospital grounds Friday evening proved a fast and exciting one. The final score was 5 to 3 in favor of the Merchants. Shibe and Cooney starred for the Merchants and any for the Capps team. The batteries were: Merchants, Nelson and Cooney; Capps, Denny and Fry. Umpires, Christopher and Herman.

**We will close between 8 and 9 o'clock this morning. Mullenix & Hamilton.**

## ERROR IN SUBSCRIPTIONS

In the publication of the list of subscribers to the Red Cross Friday morning the amount given as subscribed by C. H. Russell was \$10, whereas it should have been \$50. Mrs. C. H. Russell's subscription was \$15. The subscription of A. J. Jones and wife should have been given at \$13. The figures after the name of Hugh Green should have been \$10.

# CINCINNATI WINS ELEVEN INNING GAME

Defeats Philadelphia 2-0 in Wild Pitch by Watson—Boston Defeats Pittsburgh—Other National League Games.

Cincinnati, O., May 24.—A wild pitch by Watson allowed Griffith to score the winning run from second base in the last half of the eleventh inning today. Cincinnati scored a run off Prendergast in the first inning on Magee's single and steal and a hit by Chase. Philadelphia tied it in the seventh when Burns singled and Williams, who ran for him stole second and went all the way home on Wingo's wild throw which was fumbled by Roush. The winning run came in the eleventh on Griffith's single, his steal and a wild pitch.

Boston, 6; Pittsburgh, 3. Pittsburgh, May 24.—The Boston Braves made their first appearance of the season here today and defeated Pittsburgh six to three. Ragon held the home team well in check and did not allow a Pittsburgh player to reach first until the fifth inning. Boston hit Steele hard and he was relieved in the fifth by Jacobs. The latter gave way to a pinch hitter in the eighth and Harmon hurried the closing inning for the home

FROM COUNTY AGENT'S OFFICE

CORN PLANTING Corn planting is now in progress throughout the entire state. Heavy rains last week handicapped the progress of the work in Southern and Central Illinois, while field conditions in the northern one third of the state were exceedingly good. Some fields of corn are coming up and the stand is reported as better than expected. Some fields were planted with late corn and will need to be replanted. In general, conditions are quite hopeful.

CHINCH BUGS "Just received report of the coming of Mr. Chinch Bug, with a big family he has already arrived in the northern part of the county. Plans for his reception have already been made, and it is our wish that he may be so well received that he will cease his journey here."—Rucker, Effingham.

"Some wheat is improving while some is getting poorer. Wet weather has been harmful and chinch bugs will probably do much damage from now on as they are very thick in some places. Some farmers say they have never seen them worse."—Rehling, Clinton Co.

ALFALFA "Alfalfa will be cut next week. The crop is very good."—Haberkorn, Madison Co.

SOY BEANS "Soy bean inoculation dirt has been kept in the office for the farmers. Judging from the number of calls for this dirt, there will be many more men raising soy beans this year than last."—Edgerton, Rock Island Co.

"Some farmers are considering the insurance of their wheat crop. The owner of one hundred and fifteen acres field said that he would be willing to pay \$100 insurance."—Price, Saline Co.

CALIF DISEASE "Hemorrhagic septicaemia has caused more trouble in Tazewell county. Four herds have been affected this spring. One farmer lost seven calves. The trouble was first attributed to oats, silage and various other things, but when Dr. H. L. Duess ordered of the Bureau of Animal Industry was called, diagnosis showed the real cause. Herds were vaccinated and no further losses resulted."

POULTRY "Poultry business is gone. The poultry business in France and England has been thrown back twenty years. In Russia, poultry stocks have been reduced seventy-five per cent. Conditions are practically the same in Holland, Denmark, and the remainder of Central Europe. America must be looked to for a large quantity of the poultry and eggs which are to be used for human consumption as well as seed for breeding stock. Possibilities here are great. If poultry should be properly developed in the State of Illinois, enough poultry would be furnished to supply all of Great Britain."

"Pig crop looking better all the time throughout the state. Southern Illinois reports an average of one and a half sows to the farm, with number of pigs saved above the average. A record in average hog production is shown in Adams county where Adviser Rusk said he knew of only one farmer in the association who did not have at least three sows. The reau county reported last December an average of ten sows to the farm."

BINDER TWINE The twine situation is very critical. Twine is under the control of the Food Administration, which will mean absolute control of distribution. This means but one thing—the farmer should buy his twine and take it to the farm now. We are advised by dealers that to simply place the order is not enough. Twine ordered of the dealer but not shipped to the farm may be re-shipped where short-

ADVISER IN HOME ECONOMICS Another home run for the ladies! This time for the Home Improvement Association of McLean county, where Miss Clara Brian has been employed as Adviser in Home Economics. Miss Brian has been at the head of the Home Economics Department in the Wesleyan University at Salina, Kansas. She is a graduate of the Illinois Wesleyan University and has had most graduate work at Salina, where she specialized in Dietetics. ## HOME RUNS BY WOOD WIN 19 INNING GAME

Second Overtime Game Won by Cleveland—White Sox Lose to Boston 5 to 4—Other American League Games.

New York, May 24.—A nineteen inning game, the longest of the present American League season was won by Cleveland here today 3 to 2 when Joe Wood, former pitcher, hit his second home run of the game. Wood's first homer was made off Russell in the seventh inning and the second off Mogridge who replaced Russell in the seventh inning. The last two games played here have consumed 33 innings as Wednesday's game with Chicago lasted fourteen innings. The game was a remarkable pitchers' battle between Coveleskie who went the entire distance and Russell and Mogridge.

Bodie drove in both of the Yankees' runs, hitting a home run in the seventh inning and sending Pipp, who had tripled, home in the ninth with a sacrifice fly. The game lasted three hours and forty eight minutes.

White Rose Lost Boston, May 24.—Boston took the first game of the series from Chicago today by staging a ninth inning rally winning 5 to 4. Scott opened the inning by singling to left. Schalk made a wild throw over first on Schang's roller, Scott taking third and Schang second. Bush singled thru the box, scoring Scott with winning run. Errors by McMullin in the fifth were largely responsible for four runs off Faber. A single by Bush in this inning scored two runs. Danforth finished the game for Chicago.

Adams and McAvoy. Red Cross Game Tie Washington, May 22.—Detroit and Washington played a sixteen inning game today for the benefit of the American Red Cross second war relief fund. The score was 2 to 2 when darkness ended the contest. About 8,000 people including the President and Mrs. Wilson and President Johnson of the American League saw the game and with \$3,500 paid at auction for a baseball autographed by President Wilson just before play started, probably \$10,000 was added to the Red Cross fund. The game was a pitching duel between Erickson and Harper. The former struck out twelve men and did not give a base on balls. The score: R. H. E. **STUDENTS HONORED PROFESSOR CRAUGH**

Principal of Rount College and Academy Presented With Watch by Students—Left on Hummer Early Saturday Morning for Camp Dix.

Prof. Joseph Craugh principal of Rount college and academy was given a royal farewell by the students Friday evening.

Prof. Craugh received unexpected summons from his local exemption board instructing him to report at 4 o'clock Saturday afternoon. His many friends heard of the message and that he was to leave on the midnight train and they planned and carried out a royal farewell.

About forty of his friends surprised him at his home on West College avenue. They were students of the college and academy and Miss Frances Tuttle a Rount College senior in behalf of the students presented Prof. Craugh with a handsome gold watch as a token of the esteem in which he is held by the student body.

The evening was spent in singing patriotic songs and with excellent music. At train time the students escorted Prof. Craugh to his train and sang college songs and gave college yells with great spirit.

While Prof. Craugh has not been here long he has endeared himself to all of the student body of Rount college and it is with regret that they see him leave. They feel that he will give to the government the same splendid service that he gave to the school and will wish him God speed and a safe return.

**QUARREL OVER ROAD RIGHTS CAUSES KILLING**

Frank Norris of Virginia Instantly Killed By June Wayman—Shooting Occurs After near Collision of Automobiles—Wayman Held to Grand Jury.

Following an altercation June Wayman of Beardstown shot and instantly killed Frank Norris of Virginia on the Beardstown-Virginia road Thursday evening.

After the shooting Wayman went to Beardstown where he was placed under arrest and later taken to the county jail in Virginia where he is held without bond.

The shooting culminated from a near collision between automobiles driven by Norris and Wayman. Norris in company with Lee Springer, Noah Brainer, Ed Mullen and Harry Mains were returning to Virginia from a trip to Beardstown.

Wayman in company with Walter Hood a garage proprietor of Beardstown were enroute from Virginia to Beardstown. The cars met at a point near Warrior school house five miles west of Virginia.

It is alleged that Wayman refused to give Norris sufficient road and he ran into the ditch. Both cars stopped and the occupants got out and an altercation followed. It is said that Norris applied an epithet to Wayman. He was asked by Wayman to repeat the remark and it is said that he did so whereupon Wayman drew a revolver and shot. The bullet killed Norris instantly.

The dead man was 35 years of age and was married. He leaves his widow and no children. Wayman is 20 years of age. He recently served a jail sentence and is said to have a bad reputation.

The coroner's jury met and held an inquest Friday. After hearing the testimony of the eye witnesses Wayman was held to the grand jury.

**LUNG MOTOR NOW AT FIRE DEPARTMENT**

The lungmotor purchased by the Jacksonville Railway and Light company several years ago is now placed permanently in the fire department.

When the apparatus was purchased it was placed at Cherry's livery. This arrangement proved fairly satisfactory but many people needing the lungmotor called the fire department and that caused delay in having to get disconnected and get on connection with the livery barn.

When the services of the lungmotor are required every moment counts and a few seconds delay may cost a life. Friday Chief Hunt had a talk with H. L. Gray, general manager of the Railway and Light company and arrangements were made to place the lungmotor permanently in the fire department. Since the purchase of the motor trucks the department is equipped to reach any place with all possible speed. Then at any big fire there is likely to be cases of suffocation and it is probable that some plan will be arranged so that the lungmotor can be attached to the truck at all times.

**MORE PATRIOTIC INSTRUCTION.**

Yesterday morning Prof. Rayhill, L. Goheen and Capt. J. M. Swales visited the Lafayette school and talked to the pupils on the subject of patriotism. Prof. Rayhill especially pleased the little folks with some drawings and talk which they could well comprehend. S. W. Nichols went to the Morton school and addressed the pupils there and had hard work to get away as they asked for more and more, paying excellent attention and showing a very intelligent interest in all that was said.

**GIRLS PRESENT CENTENNIAL BANNER TO SCHOOL**

The girls of the 6A grade of the Lafayette school presented yesterday a Centennial flag to the school. This flag has been made by the girls themselves under the direction of Miss Sleezer, the Domestic Science instructor of the school. It is a very nice piece of work and the girls are quite proud of it, and the school appreciates the thoughtfulness of the girls. At the conclusion of the presentation all sang Illinois.

**AT THE SCHOOL FOR THE BLIND**
